

CBSE CURRICULUM

FOUNDATIONAL (3-7yrs)

It gives young learners the best start helping them to meet early milestones. It is the first stage, it is child centered, play based, holistic and a balanced curriculum.

Adopting the infallible play way method, using a wide range of learning materials and activities. We nurture the cognitive and fine motor skills of these young ones through a warm, caring, stimulating atmosphere to encourage curiosity and creativity.

PRIMARY(8-10yrs)

The curriculum focuses on encouraging enquiry and exploration in key learning skills as reading, writing, listening, speaking, problem solving and self-assessment. The primary school years encourage young minds to become self-confident and self-reliant through a variety of curricular and co-curricular programs.

MIDDLE SCHOOL (11-13yrs)

During these years the pace of academic demands is slowly accelerated and students are groomed to embrace challenges. Students are assessed using various assessment tools. We emphasize on social awareness, physical well-being and creative expression through diverse activities that encourage Innovation and teamwork.

CAMBRIDGE CURRICULUM

CAMBRIDGE EARLY YEARS (Age 3+)

It gives young learners the best start helping them to meet early milestones. It is the first stage, it is child centered, play based, holistic and a balanced curriculum.

Adopting the infallible play way method, using a wide range of learning materials and activities. We nurture the cognitive and fine motor skills of these young ones through a warm, caring, stimulating atmosphere to encourage curiosity and creativity.

CAMBRIDGE PRIMARY (Age 5+)

Strong foundation for students providing broad and balanced education to learners. This stage is crucial because children begin to understand and manage their thinking process in simple, tangible and practical ways. The assessments are designed to be fair, valid, reliable ensuring that all students are evaluated that truly reflects their ability and growth.

CAMBRIDGE LOWER SECONDARY (Age 11+)

Helps prepare students for the next step of their education. It promotes independent learning. They draw connections between all subject areas and learning is explicitly linked to the world around them.
